

SWS3011 – DOTA Defense of the Ancients

Lab 3

Shen Jiamin

Lab #3

- Please boot into Ubuntu.
- We decided to cancel Part 2.
 - But you can try it if you like. Just maybe the manuf is unknown...
- For Part 3: if you are not able to download it, here's the new link.
 - wget
<https://www.comp.nus.edu.sg/~hugh/DOTA2023/Labs/Lab3/wpa.cap>
- Come to get the hardware part when you start trying Part 4. (no more available)
 - Please return it when you finish this part, or share it with your friends.
 - Input Device: ``RTL2838UHIDIR``
 - Do not run gqrx and the app you found simultaneously.
